

## Monster Remote Controls – System, Component Release Notes

<b>System Component</b>	Member Web
<b>Release Date</b>	March 22, 2007
<b>Version</b>	7.2

### Resolved Bugs & New Features

Bug #	Severity	Bug Description	Product(s) Affected	OS Affected	Status	Right Now FAQ ID	Resolution Description
2905	P1	Node-Hopping on AVL 300 doesn't work as intended. The nodes are not trying to hop other Z-wave devices if the distance between the remote and Z-wave device being controlled exceeds the range limit.	<ul style="list-style-type: none"> <li>AVL 300</li> </ul>	All OS	Fixed	NA	Hopping logic improved so hopping will work as intended.
3232	P1	Smart Update for RF remotes	<ul style="list-style-type: none"> <li>AVL 300</li> </ul>	All OS	Fixed	Pending	The web will only ask the user to update extenders that NEED to be updated with new information. If a user makes an adjustment to a device that's mapped only to the remote the user will not have to update the extender.
2768	P1	Monster: Enable Themes	<ul style="list-style-type: none"> <li>AVL 300</li> <li>AV 100</li> </ul>	All OS	Fixed	NA	Themes now enabled for Monster remotes.

Bug #	Severity	Bug Description	Product(s) Affected	OS Affected	Status	Right Now FAQ ID	Resolution Description
2895	P2	Cancel button cut off on AVL 300 LCD	<ul style="list-style-type: none"> <li>AVL 300</li> </ul>	All OS	Fixed	NA	
2913	P2	When I select "Contact Customer Support by Phone" on Monster 7.2.0 CSW, it opens up FAQ page instead of listing the phone.	<ul style="list-style-type: none"> <li>AVL 300</li> <li>AV 100</li> </ul>	All OS	Fixed	NA	Clicking Contact Customer Support by Phone will now bring up Contact CS page.
3229	P2	Irrespective of whether selects Yes/No to add Z-wave devices (lighting), the web should load the lighting N/w configuration on the remote. (Load the compiled version on the remote, user to follow instruction on remote, accept updated information from the user) This way the user can properly pair the remote and extender	<ul style="list-style-type: none"> <li>AVL 300</li> </ul>	All OS	Fixed	NA	
3196	P2	Change scene order on the remote. Scenes for single room have to go first. <ul style="list-style-type: none"> <li>The LCD should order lighting scenes based on the current room following by the other rooms.</li> <li>If there are lighting scenes that involve multiple rooms they should be shown at the end.</li> </ul>	<ul style="list-style-type: none"> <li>AVL 300</li> </ul>	All OS	Fixed	NA	Scene order Changed
3482	P1	Monster 7.2.0 CSW: When deleting an activity it goes back to user home page rather than Activity Setup page	<ul style="list-style-type: none"> <li>AVL 300</li> <li>AV 100</li> </ul>	All OS	Fixed	NA	After deleting an Activity, user will now be brought to the Activity Setup.
3787	P1	Users with devices that contain over 127 language elements and have that device mapped to the extender would get the following error:  Java Error -- Context: (None) -- 1 Parameters: java.lang.NullPointerException	<ul style="list-style-type: none"> <li>AVL 300</li> </ul>	All OS	Fixed	NA	Users will no longer get this error when mapping these devices to the extender.

Bug #	Severity	Bug Description	Product(s) Affected	OS Affected	Status	Right Now FAQ ID	Resolution Description
1575	P2	RF Extender supports only 8 devices. Only allow users to map 8 devices to the Extender	<ul style="list-style-type: none"> <li data-bbox="1102 336 1251 358">• AVL 300</li> </ul>	All OS	Fixed	NA	User can now only map 8 devices to the RF Extender.
